

# SAFE SPACES SURVEY

Safe Spaces Committee

Central Nova Area of Narcotics Anonymous

N  
A

## WHY DO A SURVEY?

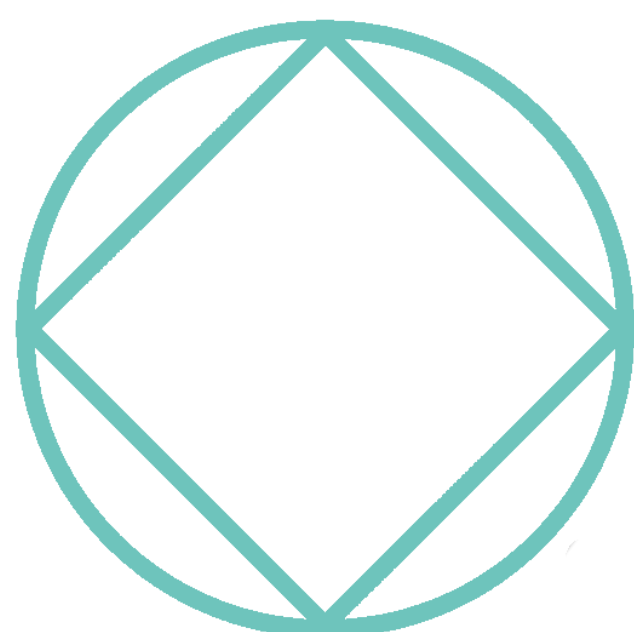

Like the steps teach us, awareness is a key step in growth. We want to take a searching and fearless inventory of how we are doing in our area. If there are ways that we can do better at carrying the message we want to know! The survey will help the Safe Spaces Committee know what our members want us to focus our attention on when we create workshops or literature. Who better to tell us than the members of our area?

## HOW TO ACCESS:

If you'd like to help by completing the survey you can get to it from our website:

[www.centralnovaarea.ca/survey.html](http://www.centralnovaarea.ca/survey.html)

If you can't do it online call (902)789-8323 and leave your contact info if you would like a committee member to call you back to find an alternative way to do the survey.

## Q & A

### Is it anonymous?

The survey is anonymous and we also ask that you don't talk about specific situations or anything that identifies you or another member

### How long do I have to do the survey?

The survey end date will be announced at the end of October and will also be included in the committee's report to the ASC.

### Will the results be shared?

The overall results will be shared in the Committee's report to the Area Service Committee. Before the results are shared we will make sure that everything is 100% anonymous and that no member can be identified. Only a small number of trusted servants will see the original answers in case someone does include identifying information by accident.

### More Questions?

If you have one, ask your group representative or you can email: [safespacescnana@gmail.com](mailto:safespacescnana@gmail.com)
